

Stethoscopes

The complete HSO range

Twin-head stethoscope

- Twin-head
- Breast-piece made from lightweight, coloured aluminium
- A dedicated membrane increases volume by 50% over conventional stethoscopes
- Adjustable ear-hook with latex-free buds
- Latex-free tube

Disposable stethoscope

- Designed for hygienic use on one patient
- Made from extremely lightweight acrylic resin
- Non-toxic material
- Extremely sensitive membrane for outstanding acoustics
- Latex-free

Nurse's stethoscope

- Breast-piece made from lightweight, coloured aluminium
- A dedicated membrane increases volume by 50% over conventional stethoscopes
- Adjustable ear-hook with latex-free buds
- Latex-free tube

Our **HSO stethoscopes** offer high tolerance levels and are made from medical grade stainless steel, giving them exceptional performance and excellent durability. They have ultra-sensitive membranes for greater amplification, sharper high-frequency resonance, and thus outstanding acoustic results.
